

Portable Sign Trailers

Our Sign Trailers provide a platform for displaying temporary signs. Extremely compact and portable, Sign trailers offer easy roadside placement quickly and easily folding for transport. A wide variety of sign sizes can be attached, made more conspicuous with bright, flashing beacons. Power for the beacons comes from onboard batteries, which are recharged using solar power.

- Quick setup and takedown
- Compact and easy to tow
- Signs can face traffic even while in tow
- Flashing beacons
- Solar charging system
